

Leslie Strom  
WEB 105  
Assignment 1  
Find a Client

My client is Seattle Metals Guild ([seattlemetalsguild.org](http://seattlemetalsguild.org)) . They have requested a site rebuild to be done by SCCC's WEB 210 Advanced Web Design students. Seattle Metals Guild is involved with jewelry and metal arts. They want higher visibility on the internet for their content for their newsletter archive and member profiles of artists with galleries of images.

The timeline for assignments and process in WEB 105 run a little behind WEB 210.
